

PELTOR™
Protection & Communication

3M™ PELTOR™ WS™ ALERT™ XPI Headset

Protection and connection: work, talk, listen

Turn your hearing protection into a quiet office you wear to work. Connect one or two devices using Bluetooth® and converse in normal volume even in noisy environments.

Connecting your headset to the **3M™ Connected Equipment App** allows you to easily navigate the headset's menus to set and adjust its settings, including ambient listening volume and FM radio stations.
